Darkness is a complete absence of light, which blurs human's vision. It is a state of being in misery and adversity (Psalm 107:10); It's also a symbol of ignorance (Ephesians 4: 18). Those who walk in the darkness do not know where they are going; a confused and chaotic situation.

PSI Climb Out of the Darkness Climb out of the Darkness is the world's largest event raising funds and awareness for the mental health of new families. It is supported by, and a program of, Postpartum Support International.

Alexis Morgan's seductive Paladin series continues with a red-hot romance between a powerful warrior sworn to secrecy and the irresistible woman who makes him lose control.... Gwen Mosely's life changes forever when she stumbles across a handsome stranger, bleeding and left for dead in the woods behind her farm. But the real shock is how his wounds heal overnight -- a trait he shares with Gwen's teenaged half-brother Chase. Jarvis Donahue can't keep his eyes -- or his hands -- off the sexy redhead who rescued him. Gwen's warm smile and lust-filled eyes are impossible to resist...but Jarvis immediately recognizes Chase as a fellow Paladin, a warrior born to defend mankind in the relentless battle against the Others. Although Gwen may hate Jarvis for it, he is dutybound to introduce Chase to the Paladins' dangerous lifestyle. As the barrier between the two worlds weakens, the threat grows perilously close to Gwen's farm. Jarvis is determined to protect his lover -- but if he reveals his identity, he not only betrays his people's secret, he risks losing her forever....

You have been lied to. Werewolves, vampires, ghosts ... they aren't what you think. After the death of her mother, Everly Boderleth has to go back to her spooky hometown, Shroudhaven, and she has a plan to get in and out as quick as possible. Step one, clear out the family home and antique store. Step two, watch her childhood sweetheart die violently at the hands of an indescribable, horrific creature. Wait, what? That wasn't part of the plan. But it was just a dream, wasn't it? As the evidence mounts that what she saw was real, a broken heart is the least of her problems. Everly thinks she's close to the truth, but nothing is as it seems. What is really lurking in the dark? Darkness Unknown is the first book in the Beshadowed series by S.A. Fenech. If you're looking for shifters with a twist, urban fantasy with a touch of horror, and a satisfying mystery, you'll love Beshadowed.

Classical scholarship tends to treat anonymous authorship as a problem or game—a defect to be repaired or mystery to be solved. But anonymity can be a source of meaning unto itself, rather than a gap that needs filling. Tom Geue's close readings of Latin texts show what the suppression or loss of a name can do for literature.

You have been lied to. Werewolves, vampires, ghosts ... they aren't what you think. Harry Cardwell, 21 year-old shepherd from the border hills, is already one of the 'veterans' of the Somme battlefield. Returning from leave Harry confronts a burly Sergeant auctioning off a tin of very intimate love-letters and photographs found in a shelled dug-out. Trying to protect the privacy of those letters, Harry buys them himself. A simple act of decency that is to have a lifetime of consequence. Annie is the nurse in the photographs. A former volunteer from New England with her doctor husband on a Harvard Medical Unit, she has ended up a widow on an ambulance train serving the Western Front. We are two strangers who meet in hell, she writes to Harry when he finally tracks her down. We come from two different worlds and have no mutual friends. Why should we hide anything from one another? Love Of An Unknown Soldier is the first volume in the Harry and Annie Series. A Long Road Home, When War Came Again, First Snow of Winter and Last Snow of Winter are available as paperback or ebook.

In basement offices three stories below the ground at the FBI's Academy in Quantico, Virginia, former Supervisory Agent Gregg McCrary was among the first generation of the most elite force for criminal investigation in the world. In The Unknown Darkness, McCrary takes the reader behind the crime scene to examine in raw first-person close-up the lethal competition between America's most dangerous predators and the dedicated souls who pledge to put them away. McCrary's 25 years in the Bureau have yielded over 1000 cases to draw upon. The 10 he describes in the book reveal the strengths and pitfalls of modern criminal investigation. McCrary is not afraid to answer the questions most often skirted by the others: what happens at the crime scene, what kind of person does it take to grapple with the serial killers among us, and exactly how do we disarm the enemy?

"Mild and sensitive Richard Hieck endured a quietly difficult childhood in Germany. Raised in humble circumstances, Richard was profoundly influenced by his withdrawn mother and by his father, an enigma whose devotion centered not on his five children but on his mysterious career. From his father, Richard inherited an interest in the night sky, learning to love the constellations and to take comfort in the strength of Orion and the warm radiance of Venus. Richard's shadowy, elusive father also influenced him to pursue studies in mathematics, a field offering Richard the discipline he had craved as a child." "Published in 1933, The Unknown Quantity is Hermann Broch's study of the underlying chaos - and, finally, the impossibility - of life within a society whose values are in decay. As Richard seeks to reconcile the conflicting demands of love and science, of passion and reason, societal and family values begin to undermine him and those in orbit around him." --Book Jacket.

This is how the boy became the man and this is how that young man became the Legend. And some say it all happened just like this!Written in the rich epic vein of 'Lonesome Dove', 'Tombstone' and 'Wyatt Earp', this vast new American Western novel seems hand-forged right out of the glowing gun metal and billowing blue gun smoke of close quarters combat. Finally these unwritten chapters of one of the Wild West's greatest real life heroes flash dangerously to life across the open pages of 'Fighting for Air - the Unknown Adventures of Young Doc Holliday' by Jack Kincade, as if illuminated by gunfire.It's a huge, stirring American fable filled with young love and unexpected loss; perfect friendship and unquestionable honor, all set amid the swirling gun smoke of his heroic and blood stained youth.

When an enormous army of ogres attacks the civilized kingdoms around their homeland of Sylvannia, three friends set out on a dangerous quest to find the last known living wizard to enlist his aid in the war. Little did the three know that among themselves, one had the potential to become a wizard, and if they can find and recover the Crystal of Enhancement, he could become a very powerful wizard.
