The second book in the Telling Time sequence helps children learn how to develop their time-telling skills by including minutes. By using a variety of different activities to keep children engaged, this workbook helps children learn this difficult skill without feeling frustrated or anxious.

Telling time becomes clear and easy for young readers in this bright and lively introduction to measurements of time. From seconds to minutes, hours to days, exploring what time is and discovering why we need to tell time, helps young readers understand more than 'the big hand is on the one and the little hand is on the two'. Megan Halsey's playful illustrations depict imaginative digital and analog clocks that range in design. With the help of a whole lot of clocks, a dash of humor, and a few familiar circumstances, learning to tell time is a lot of fun. It's about time.

100 days of telling time. Answer key included. Hours, quarter hours, minutes and word problems. Multiple choice, fill-in-the-blank, drawing hands on a clock face, and word problems. A great resource for students that could use more practice reading clocks.

Level: KS2 Subject: Maths An engaging Telling the Time activity book to really help boost your child's progress at every stage of their learning! Including helpful questions and answers, this Maths book provides reassurance whilst supporting your child's learning at home.

Help first and second graders learn how to tell time! How does quarter after the hour also equal 15 minutes? How can a big hand and a little hand mean the same thing as digital numbers? Yikes! That can be confusing! The small tablet size of this Little Get Ready!(TM) Book is convenient for take-along learning anywhere, anytime. Its 48 pages of real-world problems give kids big practice reading digital and analog clocks and making connections between the two. Activities such as choosing "What time is the same as eight forty-five" from among three clockfaces or drawing lines between a digital time display and its matching analog clockface will soon make your child an "old hand" at telling time.

How to Tell the Time introduces kids to how we measure time using seconds, minutes, hours, days, months, and years. It gets kids learning to tell and write the time to the nearest five minutes. There is a flap attached to the front jacket that opens to reveal an amazing clock with moveable hands. Quiz questions that relate to the clock are found sprinkled throughout the book, encouraging kids to move the hands on the clock face and tell the correct time.

Level: KS2 Subject: Maths Fun and engaging quizzes to test children's telling the time skills.
